**PRESENTATION**

Presentation by Mitchell Warren from the Department of Transportation (DOT). Mr. Warren has been the Chief of operations Bureau of Field Services at the DOT for 15 years. Mr. Warren discussed *Legal Presence* in Wisconsin, how it works and how it affects individuals. In April of 2007 Act 126 was passed requiring the Dept. of Transportation to require documentation to verify the status of someone's citizenship or legal residency status in the United States. These requirements must be met in order to obtain a license or I.D. from the Department of Transportation. If the individual is unable to produce the necessary documentation they are unable to receive I.D., license, or reinstatement of license. Mitchell Warren stated that the Department of Transportation is not required to report to immigration, but other states have different requirements. Those individuals who are students, refugees, etc. may be licensed for the duration of their stay after passing a driving test and producing proper documentation.

**OLD BUSINESS**

Claudia Roska presented on the decline in referrals from all sources of Spanish-speaking clients in need of Driver Safety Assessments and subsequent referral to services. The Multiple Offender Program (MOP) has been so significantly reduced that agencies attempting to provide this service have not had enough referrals to hold a class.

**ADJOURNMENT**

Sandy Adams made a motion to adjourn the meeting at 10:30 a.m. The motion was seconded by Mike O'Brien. The motion was voted on and passed.
